

CIVIL ENGINEERING EDUCATION IN CYPRUS

A brief review

Cyprus Universities Offering Accredited Programs

- Cyprus University (State) -CU
Department of Civil and Environmental Engineering
- Cyprus University of Technology (State) - CUT
Department of Civil Engineering and Geomatics
- Frederick University (Private) -FU
Department of Civil Engineering

University of Cyprus

Undergraduate

- Bachelor of Science (B.S.) degree in Civil and Environmental Engineering

Postgraduate

Masters

- Civil Engineering
- Environmental Engineering
- Inter-departmental Program “Energy Technologies and Sustainable Design”

PhD

Cyprus University of Technology

Undergraduate

- Civil Engineering
- Surveying Engineering & Geoinformatics Engineering

Postgraduate

Masters

- Civil Engineering and Sustainable Design

PhD

Frederick University

Undergraduate

- Civil Engineering
- Petroleum Geotechnics
- Sustainable Built Environment

Postgraduate

Masters

- Structural Engineering
- Inter-departmental Program “Oil and Gas and Offshore Structures”
 - Offshore Engineering
 - Petroleum Engineering

Inter-departmental Program “Energy Systems and the Built Environment”
Energy Design of Buildings

PhD

Common Content All Programs

All Undergraduate Programs are based on the European Credit Transfer and Accumulation System (ECTS),

240 ECTS are required for Graduation normally completed in four years (8 semesters)

Technical Electives

General Electives (Humanities, Social Sciences etc)

Practical/Research Requirements

University of Cyprus

Capstone project

Undergraduate thesis

Cyprus University of Technology

Industrial Placement

Undergraduate Dissertation

Frederick University

Capstone Design Class and Project

Undergraduate Research Thesis

Entrance Requirements

Cyprus University & Cyprus University of Technology

entrance examinations set by the Ministry of Education and Culture of the Republic of Cyprus.

Frederick University

Placement Tests and Foundation Subjects (Math Physics, English)

Research Laboratories Cyprus University

- Archimedes Research Center for Structural and Construction Technology
- GAIA - Laboratory of Environmental Engineering Building Materials Laboratory
Environmental Fluid Mechanics Laboratory
- Strength of Materials Laboratory
- Structures and Concrete Technology Laboratory
- Geomechanics Laboratory
- Earthquake Engineering Laboratory
Virtual Reality Laboratory
- Land Surveying Laboratory

Research Laboratories

Cyprus University of Technology

- Construction Materials Laboratory
- Geodesy Laboratory
- Geotechnics Laboratory
- Hydraulics Laboratory
- Photogrammetric Laboratory
- Remote Sensing Laboratory
- Strength of Materials Laboratory
- Structures Laboratory

Research Laboratories Frederick University

- Construction Materials Laboratory
- Geodesy Laboratory
- Soil Mechanics Laboratory
- Hydraulics Laboratory
- Remote Sensing Laboratory
- Strength of Materials Laboratory
- Environmental Science Laboratory
- Structures and Structural Dynamics Laboratory

Cyprus Chamber Requirements for Registration

The Cyprus Chamber of Science and Technology requires that in addition to an accredited university degree, one year practical supervised experience is required for registration.

Thank you, have a pleasant stay !
